

# Cooperation is working together to do more than you can do alone.

Ecclesiastes 4:9

DAY

1

## We're With the Band

Grab a partner to play or sing a duet! You can grab items from around your house like a pot, spoons, or a box to play. Choose a song you both know and sing it out loud! Work together to make beautiful music!

**KNOW** that doing a job with a friend sounds better!

DAY

2

## Stand for a Friend

Sometimes doing things with a friend is just way better. Do the actions below alone and then do them with a friend. Which was easier?

1. Standing on one foot.
2. Walking to the kitchen with your eyes closed.
3. Walking backwards
4. Pouring water into a glass with one hand

**THANK** God for giving us friends to help us when we need it!

DAY

3

## Seeing Double

One is great but twice is nice! Look up this week's verse and practice learning it by copying it out. Copy the words of the verse twice, because two is better than one!

**KNOW** that God wants us to work with others.

DAY

4

## Pray Together

Grab a friend and pray together. Thank God for your friend, your other friends, family members, your favorite things and all those you love! A great habit to start is praying with someone else. You can learn about God that way and learn about your friend too!

**LOOK** for ways that you can pray with and for a friend.

Make a habit of  
working together.
